PEN Testing Updates

Approval Paper to take PEN Testing forward will be presented at Council on 22 September.

ROL - Summary of Downtime and Trend Analysis (in Minutes)

■ Q1 (2026) ■ Q4 (2026) ■ Q3 (2025) ■ Q2 (2025) ■ Q1 (2025)

Additional Comments:

There was no ROL downtime in April or June - the portal operated at 100% uptime during both these months. May uptime was 99.65%, with a planned rollout taking place on 07 May (150 minutes - AR/DD work – advertised in advance to registrants by portal banner). A further rollout took place on 27 May with downtime of 5 minutes (advertised in advance to registrants by portal banner). Overall, uptime for the portal for Q1 was 99.88%.
